# SILVERSTONE CLASSIC CAR CLUBS TERMS & CONDITIONS

## Car Clubs Ticket Offer

The matrix below explains the discounted Buy One Get One Free ticket offer prices that are uniquely available to car club members.

These can only be purchased by using the booking code dedicated to each individual car club. Tickets will be dispatched with 1 infield car pass per pair of tickets for your allocated club display area. A booking fee per ticket and transaction fee per order will be applied by SEE Tickets. Multiple sales are available. No BOGOF ticket offers available after 31<sup>st</sup> May 2012.

Car Club Member BOGOF Ticket Price Matrix	Early Bird Tickets Until 31 <sup>st</sup> March 2012	Advanced Tickets 1 <sup>st</sup> April – 31 <sup>st</sup> May 2012
Friday	£35	£40
Saturday (Limited availability)	£50	£55
Sunday	£45	£50
2-Day Fri/Sat	£60	£70
2-Day Sat/Sun	£70	£80
3-Day Weekend	£80	£95

In order to control the volume of traffic arriving and leaving the venue on Saturday 21<sup>st</sup> July 2012, the total number of Saturday-only tickets available will be limited. Early purchase of these tickets is, therefore, recommended. This restriction will not currently be applied to 2-day or 3-day tickets. Clubs will be notified of any change in these arrangements.

Two complimentary 3-day tickets will be issued to all classic vehicle clubs applying for membership of the Silverstone Classic Racing Club. Clubs will receive additional complimentary tickets dependent upon the number of cars booked into the event using the club's dedicated booking code, as in previous years. Minimum number of cars 25.

Tickets will be on sales shortly.

## Important Dates

**Event Dates:** 20<sup>th</sup>, 21<sup>st</sup> and 22<sup>nd</sup> July 2012  
**Set up Times:** Thursday 20<sup>th</sup> July between 10.00hrs and 20.00hrs  
**Early Bird Tickets:** Available until 31<sup>st</sup> March 2012  
**Advanced Price Tickets:** Available 1<sup>st</sup> April to 31<sup>st</sup> May 2012  
**CAR CLUB TICKET SALES FINISH:** 31<sup>st</sup> May 2012  
**Club biog for event programme:** by Friday 8<sup>th</sup> June 2012

We close car club bookings in advance of the event so that we may better plan for the day and ensure we are able to provide a high level of service to all car clubs, issuing the coordinators and their members with more detailed information prior to their arrival on site. This will include club infield display area location, entrance route to venue – there will be more than one vehicle entrance to the venue in 2012 to ensure that we do not have a repeat of the traffic congestion on the A43 experienced on Saturday morning of the 2011 event – track parades (timings, assembly point arrangements and which clubs participating) and the Silverstone Classic Concours d'Elegance into which one car per club may be entered.

## Car Club Magazines

We will supply all clubs with an A4 colour advertisement into which your car club booking code can be inserted. We will ensure that your club is supplied with updated details of the event's developments via email.

Please complete the table below:

Title of Magazine	
Publication Dates	
Copy Dates	
Contact for copy	
Name of Editor	
Editor's email	

## **Club Display Area Signage**

Please enter your club name below to be displayed on Silverstone Classic signage:

Club Name (signage)	
---------------------	--

If the club has retained its display area signage put in place by the event organisers for the 2011 Silverstone Classic, the club is responsible for return of this signage to the 2012 event.

## **Silverstone Classic Racing Club**

Registration includes affiliate membership of the Silverstone Classic Racing Club, providing access to the Silverstone Classic Racing Club clubhouse in the new International Paddock 'Wing' complex for 2 club coordinators during the 2012 event. A list of further benefits will follow shortly.

## **Club Display Area**

Clubs will be advised of their designated display area prior to the event in order that their coordinator can pass this information onto their members. The size of every car club display area is determined by the number of cars booked into the event using the applicable car club designated ticket booking code.

At the 2010 event, damage to a display car was caused when a club's marquee collapsed. The club involved did not have any Public Liability Insurance to cover the repair costs. All clubs, therefore, must submit to the event organisers a Health & Safety form, which includes a Risk Assessment, and a copy of their Public Liability Insurance policy. This is in the sole interest of the club and is designed to protect it from any unnecessary and unaffordable financial claim made against it. A copy of the Silverstone Classic H&S form is available on request from the event organisers. Should the club require any further advice regarding this matter then they should contact the event organiser's office via [neil.carrjones@goose.co.uk](mailto:neil.carrjones@goose.co.uk)

## **Infield Car Passes**

Infield car passes, issued with admission tickets booked in association with a car club, are for display cars only and are only valid for parking within the appropriate car club designated display area. Any vehicle parked outside their display area is liable to be removed.

Given the large public spectator levels at the Silverstone Classic, display car movements on the infield are restricted to outside of 10.00 to 17.00 hrs. The only exception to this ruling is for cars entered into any track parade; these cars will receive written instructions from the event organisers regarding signing on, track assembly area, timings, etc. via their club prior to the event.

When booking, car club members will be asked for the make, model and registration number of the car they intend displaying at the event. The infield car pass will display this information along with the name of the car club and so will only be valid for the car that has been registered. The procedure to change these car details, by the person who made the original booking, will be very simple and explained to the ticket purchaser in their booking confirmation email. This rule is in place to ensure that only the right classic cars are displayed to best represent your club. If a member does not arrive in the correct car for the club, they are to park it in the free parking outside the circuit.

All ticket and display car booking information will be sent to the car club coordinator on a regular basis for cross checking.

## **Support Vehicle Passes**

Support vehicle passes will be supplied for the delivery and installation of marquees and other display area materials and for tow vehicles bringing in cars on trailers to be displayed. All support and tow vehicles must be removed and parked in the outfield public car parks. For Health & Safety reasons, the movement of support vehicles is prohibited between 0900 and 1800 on the Friday, Saturday and Sunday of the event. Registration details for support vehicles must be supplied.

The registration for all vehicles must match those on the passes supplied by Classic Historic Racing Ltd for access to be granted to the infield.

**Trade Stands**

Any club wishing to utilise part of their display area for Third Party commercial purposes , such as for an associated marque vehicle manufacturer or dealer, will be charged at a rate of £30/sq meter (+VAT). This is to ensure fairness across the board with respect to the Trade & Exhibitors areas of the Silverstone Classic. Please notify us of any space within your car club display area that you intend to use for commercial purposes.

**Catering Policy**

It is the policy of the Silverstone Classic that all food and beverage supplied by clubs on their display area are strictly for club members only and under no circumstances are to be offered for sale.

**New for 2012! – ‘Gasoline Alley’**

Situated in the Jimmy Brown Centre above the National Paddock garages, this new feature for 2012 provides an area for car club members to gather and meet fellow classic car enthusiasts. The facility will be open Friday, Saturday and Sunday for a set all-day menu to include continental breakfast, buffet lunch and afternoon tea plus cash bar. Further details to follow.

**Camping**

This will be in the new Silverstone Woodlands campsite located adjacent to the southern boundary of the venue. Mains showers and toilets are provided in purpose built buildings, and are plentiful. Electrical hook up is also available. Other on site facilities include general store, pub and secure parking compound. Spaces can be booked when purchasing event admission tickets.

We confirm that we have read, understood and agree to abide by these Silverstone Classic Car Clubs Terms & Conditions:
